8112021,

Thank you for the information. James Curtis Jr is President of Education Foundation, Director, Internet Graduate Research Institute.

Thank you for your call.

The 1st request from Hashim Ali is professional reading and responsive referrals for significant housing quality improvement (with opportunities for home office and existing equipment storage, usable, with minimal distractions). This is a 12 month or fewer request.

The 2nd request from Hashim Ali is for research and resolution to the absence high-skill labor contracts for James Curtis Jr and the perception of salary suppression (without entrance exams and standardized tests on the latest technologies). Furthermore, there is a researchable hypothesis of quazi-national missing empathy of affirmative action for black men completing and timely placed with employment titles and a competitive compensation packages, after successfully completing graduate programs. This is a 12 month or fewer request

(Please be informed the application processes for high-skilled employment, i.e. faculty, are extremely regimented, with and without graduate school advisor guidance to cooperative high skill employment opportunities, and average or above average compensation packages).

3rd, you request for information on Omega Psi Phi Fraternity, Inc. is available at the following,
