LFAC - Edgar A. Posey - The Key to Victory

www.lfac.org

Hebrews 11

- "Without faith it is impossible to please God"

- Every person should want to be victorious

- How do we obtain victory?

- There must be something you overcome

→ you overcome by faith

→ faith is your confidence in the word of God

→ faith means there is a part you must play

→ there is something you must do; an investment; a deposit

• no deposit in God; no return

• no investment in God; you're going to be very unhappy

- Faith requires that:

- you must agree it's God's word
(learn to agree: most difficult for non-Christians)
- you must obey

- Live by my faith in what the word
of God says

- Give up on some of the stuff

I believed before

- (God's trying to take you to
another level)

- You kept making decisions that
you were going to hit on a combo
that works

- This outside of your ability
to control

- Call into remembrance those things
which God has taught you

- You cannot help someone as long as you are worried about you.

→ Live for the Lord Jesus Christ

→ There is no more I

→ Do what God has given you the gifting to do

⇒ They do not operate by faith
they operate by what's in the
best interest for you.

- You belong to God

→ Become the instructor to help
someone else

- You can't bring that baggage over
into the new world (salvation)

→ you are a new (creation)

- If you don't have a testimony
(then) you don't have a test?
